You've always known you'd walk the Paths. Just as you knew you wouldn't walk alone, and that your path would be a hard one. When bandits attacked an old woman on the road, you never thought you'd be saving her to be your "grandmother." You never expected a wolf to burst from the forest to aid you. And yet, it happened. That same wolf still travels with you today. And though "Grandmother" Valencia just passed on, in a few scant months she gave you what you thought the plague had taken forever: a family. Each of your "cousins" was lost until she found them. And so, tonight, you will celebrate her together at the harvest festival.
